

# Imagine paperless accounting. **IT'S HERE!**

## **Business Electronic Support Team**

Kaiser Tax & Business Consulting has the B.E.S.T. solution!

We function as your internal accounting department with business tax support. And now we do it with the most up-to-date technology available for a paperless exchange of information that results in time-saving convenience for you. Our B.E.S.T. solution is like your virtual internal accounting department where most activity can be completed online in real time.

**SMART, SIMPLE & SECURE**

The real-time collaboration we offer results in convenience and time-savings for our clients. Gone are the days of handing over a shoebox full of receipts to the tax man. Here are some specific examples of how we can help you and your small business:

### **The Online Tax Organizer**

- access your own portal online
- fill out forms electronically and submit online
- no driving, save time and money

### **QuickBooks**

- we host your QuickBooks files
- changes made online and in real time

### **Payroll**

- you log into portal and fill out electronic timesheet
- we direct deposit employee payroll
- no faxing, no calls, no couriers

Call today to find out how easy it is to set up the BEST system for your small business.
